

# Three Wise Kangaroos

## Video – answer key

1. Less than 5%
2. Through diversifying- into property, real estate, aviation, trade, banking, finance.
3. There are people still alive today who remember the pre-boom Dubai, which was a port on the gulf. Today Dubai is **BRIMMING** with skyscrapers, nearly **200** of them. It is home to the **TALLEST** building in the world- the Burj Khalifa. What is incredible is that this transformation happened in the space of just one **GENERATION**.
4. Strict and conservative. There is no freedom of expression.
5. There is a paradox between the public face of Dubai (welcoming, relaxed) and human rights abuse. The rights of the cheap manual labourers are often violated. The workers, who come mainly from south east China, live in squalid conditions and work for wages far lower than those guaranteed by the law.
6. It's a force to be reckoned with.  
It's a massive player in terms of human development, innovation, green biotech, electronics, travel and aviation.
