

# Three Wise Kangaroos

## Video – answer key

- 1. How does one kindergarten in Reykjavik challenge gender stereotypes?**  
It concentrates on developing a healthy balance of gender characteristics in both sexes. Girls and boys are separated to allow girls to nurture traits traditionally viewed as masculine such as being bold, independent and taking risks. Boys are learning to be group oriented, empathetic and caring.
- 2. What does research show about this approach to education?**  
Children from this school have a greater understanding of gender equality.
- 3. What programme, aimed at promoting gender equality, was introduced in Iceland in 2000?**  
A Daddy Quota. Three months Statutory Paternity Leave.
- 4. How much of their salary are fathers paid during their paternity leave?**  
80%
- 5. What's the philosophy behind the Daddy Quota?**  
Apart from encouraging men to share the burden of childcare with women, it's understood that employers are less likely to discriminate against women during the recruitment process because not only women but both men and women can take time off work when they have a baby.
- 6. Complete the extract:**  
In 2018 Iceland became the first country in the world to pass legislation to tackle the gender pay gap. Employees with over 25 employees now have to prove they are paying men and women equally for similar jobs.
- 7. What's the unconscious bias present in our society?**  
That we place more value on traditionally male dominated jobs
