# Introduction

**Communicative Phrasal Verbs** is a collection of practical activities aimed at helping students learn and practise over 200 most commonly used phrasal verbs in English. It is organised into 20 theme-based units and each unit follows the same pattern of 3 steps, from controlled practice in the form of sentence and meaning match to free practice in the form of conversation questions.

The sentence match part of every unit allows the student to notice the context in which a particular verb is used together with its type (transitive, intransitive, separable, inseparable). Matching the sentence halves helps the student work out the meaning of each verb, which they can then test in the exercise that follows- match the meaning. Part three of every unit-speaking- doubles as a gap fill and communicative practice whereby the student must complete the questions with the correct particle based on the previous exercises and further implement the verbs in speaking. To complement it all, the 20 units come with 4 revision sheets, which provide an opportunity to consolidate and reflect on the material covered.

The book also features some bonus material in the form of mini dialogues and study cards. Study cards are mini flash cards each containing a phrasal verb used in a collocation with a noun or an adverb and these can be used as a revision tool.

The e-book is best suited for B1, B2 and C1 students and can be used as a self-study workbook as well as a great teaching resource to complement any course.

# 3 Travel - sentence match

Match the sentence halves to make phrasal verbs.  
Pay attention to the context.

1. We like to set ...

2. I always feel nervous when the plane takes ...

3. I will happily show you ...

4. Don't book any accommodation. I can put you ...

5. I can't come to your party as we're going ...

6. The best way to get ...

7. Holiday time is the only time when I can just laze ...

8. We should take ...

9. I can pick you ...

10. I'm looking ...

... away for a few days.

... out travel insurance in case one of us gets sick.

... around my city when you come to visit.

... off but I'm ok once we're in the air.

... forward to my cruise on the Danube.

... up for those couple of days.

... around my town is on a tram.

... around and do nothing.

... up from the airport if you like.

... off early in order to beat the crowds.
